RATING DESCRIPTION

A-	Long Term: Investment grade. High credit quality and low expectation of credit risk. When assigned this rating indicates the obligor has strong capacity to meet its financial obligations but may be vulnerable to adverse economic conditions compared to obligors with higher credit ratings.
ST-3	Short Term: Good certainty of timely payment. Liquidity factors and company fundamentals are sound. Although ongoing funding needs may enlarge total financing requirements, access to capital markets is good. Risk factors are small.

Rating Validity: This validity assumes no additional loan over that disclosed in FY23 [ending June 30] audited/management certified balance sheet and that management has disclosed all material & adverse to financials since FY21.
